FEE FOR SERVICE OPTION

ABOUT

Great Divide Physical Therapy (GDPT) offers private payment for therapy to patients. This is a great option for individuals with a high deductible insurance policy, no insurance, or that prefer to not bill their insurance. With this option, a physician's prescription is not necessary. This option allows you to make all the decisions regarding your health and treatment options. The costs are less than typical private insurance billing and we offer the savings to you.

COSTS

Initial Evaluation appointment is \$100. Additional appointments are \$75. Individual modality treatment is \$15.

PAYMENT

Payment for your visit is required at the time of service. We accept cash, check, and credit cards for payment. Our services also qualify for health savings plans and flex plans.

INSURANCE

GDPT will not bill insurance for these services, therefore reducing costs and allowing an individual to save on their therapy needs. GDPT does, however, provide an itemized receipt (with the appropriate codes) that the individual can submit to their insurance for reimbursement if they so desire. The clinic is not involved in the insurance billing process.

SUPPLIES

GDPT provides some exercise aids to patients free of charge such as Therabands and tape. Other specialized supplies and equipment must be purchased when you receive them at an additional cost.

LATE CANCELLATION

If you must cancel an appointment, please call us by 6:00 pm of the previous day to avoid a \$15.00 "Late Cancellation" fee.
